

# ADVERTISE WITH BMG

## COMPLETE PACKET

Every price published. No "call for pricing." - BMG Global - BMG Media LLC

### THE BMG WAY - STRAIGHTFORWARD PRICING

Every price in this packet is the real price. BMG does not do "call for pricing."

You get what you pay for, and you can see what it costs before you ever talk to us.

INTRODUCTORY RATES run for Issues 01-03 of the magazine (and the matching launch season of the shows).

From Issue 04, STANDARD RATES apply. Advertisers who start during the introductory window are

FOUNDING ADVERTISERS and keep their introductory rate locked through Issue 03.

Nothing in this packet costs more than \$1,000. Not one thing.

Prices are set in US dollars. On the web packets, every price also shows in YOUR currency - the page sees where you are and converts it at today's rate. The dollar price is the billing price.

ADVERTISER OR SPONSOR? Simple: advertisers buy placements - pages, banners, commercials, clicks.

Sponsors PRESENT things - a section, a series, a show, an event - and their name rides on it:

"Front Row Focus, presented by ..." Both are in this packet, labeled plainly.

### WHO YOU REACH

BMG Interactive Magazine gives Black models a face and a place in the fashion industry - free to read, worldwide, at [tvbm.com/bmgmag](http://tvbm.com/bmgmag). Issue 01 launches November 1, 2026. Country editions for Kenya, Ghana, Cote d'Ivoire, Nigeria, South Africa and Italy launch December 2026.

Africa-first, diaspora-strong: our readers and contributors live in those countries and in the UK, US and Canadian diaspora that follows them - and our readers ARE the trade: models, designers, stylists, makeup artists, photographers, and the fans who follow their work.

An ecosystem, not a page: the magazine, BMG TV, BMG Catwalk, The Model Icon Podcast,

The Calvin Childs Show, Meet The CEO - and BMG's Instagram and TikTok stages.

Every placement closes with a PERFORMANCE REPORT: readers, countries, top pages, clicks - from BMG's own analytics. No promises we can't show.

## PAY PER CLICK - THE MAGAZINE

Prefer to pay only when a reader acts? BMG offers COST PER CLICK on the magazine's tappable placements - the bottom link banners, the Digitals corner tags, the top-of-page logos.

### HOW IT WORKS

- Open a click budget: \$300 minimum to start. It is a prepaid balance, spent only when readers click.
- Per click: \$0.50 on link banners - \$0.75 on Digitals corner-tag pop-ups and video-page banners.
- Every click travels through a BMG tracked link and is counted by BMG's own system - the count in your performance report is the count you pay for. Nothing is estimated.
- When your balance runs out, your placement pauses. Top up any time, \$100 or more, and it resumes.
- Unspent balance rolls to the next issue, or comes back to you. Your money, your choice.
- A click budget can run beside any flat placement in this packet.
